

SPECIAL EDITION: ICT – VILNIUS NOVEMBER 06-08, 2013

ICT – Vilnius: Create – Connect – Grow

In partnership with the Lithuanian Presidency of the Council of the European Union the European Commission organised Europe's biggest digital technology event. ICT took place in Vilnius on November 06-08, 2013. 4882 delegates attended the event and EU-BRIDGE was right in the middle.

EU-BRIDGE applied for and succeeded with a booth at ICT. We showed demonstrations and demo-videos of our use cases:

- **Captioning and translation of subtitles for TV-programs**
- **Simultaneous translation of academic lectures**
- **Unified communication technologies**

Furthermore we organised a networking session on „Machine translation and its applications“. Experts from the EU-BRIDGE team discussed with interested delegates the topic.

Prof. Alex Waibel discussing EU-BRIDGE's technologies in the networking session.

Full house at the networking session.

EU-BRIDGE Networking Session: Machine Translation and its application.
